Observations... From Around Town

(BY JAY WHOZIT)

Wednesday, May 26, 1948, will long remain in our memories as the most outstanding of the list of memorable events that make up the history of Bay St. Louis. Yes, our folks did just about everything possible, and did it well, in order to show their appreciation for the great honor bestowed through the elevation of our beloved Father Fahey to the Episcopacy... or, to the ladies of the parish who were untiring in their efforts to furnish food and drinks to the visitors immediately following the consecration ceremony and to those who prepared and served the refreshments at the reception in the evening... also we want to doff our hat to Father Desmond, who was general chairman of all arrangements, and who saw to it that everything was carried out in precision-like manner, so that there was not the slightest hitch in the entire procedure... we also want to say that we think the singing during the ceremony by the choir of St. Augustine Seminary was most outstanding and really added to the beauty of the consecration ceremony.

we could go on and on with this but space would not permit, but we will say again that our hearts just burst with pride at the way our folks rise to the heights on such occasions... the closing of our local high schools this week end will conclude this memorable week—tonight thirty-two will graduate from Bay High School, on Saturday night St. Joseph Academy will award diplomas to nineteen, and on Sunday morning at Saint Stanislaus, fifty-eight will end their high school days... our congratulations and best wishes to all of these splendid boys and girls... Saint Stanislaus won the regional baseball crown, defeating Gulfport 10-6, but lost to Hattiesburg, 7-2, in the State play-off... the Gulf Coast is coming in for some advertising as a result of a "Seaford Platters" recently introduced on the diners of certain trains of the Louisville & Nashville Railroad, featuring crabs, oysters, shrimp and fish, such as trout and mackerel taken from the waters of the Gulf Coast, paralleled by the tracks of the L. & N. for many miles between New Orleans and Mobile... young Ronald Garcia, representing St. Stanislaus Day School, (affectionately known as "Rip's University") really "took down the house" at the reception on Wednesday night, when he presented a testimonial from the school to Bishop Fahey... did you know that the cost of State government in Mississippi is the fourth highest in the United States, being topped only by New Mexico, Louisiana and Oklahoma in that order, with 6.23% of the state's total income going for taxes, also that the per capita income in Mississippi in 1946 was a mere \$555, the LOWEST in the nation?... these figures are based on 1946 income returns.

Altar Boys Society Picnic Held at St. Joseph Abbey

On Wednesday, May 5th, the Altar Boys had their annual picnic. For years, Fenton had been the scene of this enjoyable outing but this year it was decided to move farther afield and St. Josephs Abbey and Seminary, Covington, La. was chosen.

Thirty seven boys, students from St. Stanislaus College, St. Joseph Academy and Bay High Public schools, accompanied by Chaplain Rev. Father Fox and their advisor Bro. Romuald made the trip. Arrangements were under the supervision of Ray Benvenuti, President and A. J. Chinche, Secretary.

Swimming in the ultra modern bathing pool, baseball, basketball, tennis and boating gave all ample opportunity to enjoy themselves and realize the privileges of being an Altar Boy. Through the cooperation of the Benedictine Fathers the boys were allowed to roam at will through the extensive grounds and Abbey buildings; past graduates of St. Stanislaus, now studying for the Priesthood at St. Joseph's Seminary acted as guides.

The Altar boys feel greatly indebted to the Benedictine Fathers, who afforded every facility; to Brother Peter who graciously put the St. Stanislaus bus at their disposal and to Vincent Morreale for the use of a truck.

Those on the picnic were: Chaplain Rev. Fr. Fox, Brother Romuald, R. Benvenuti, A. J. Chinche, J. V. Morreale, Norton and Michael Haas, Clem Bontemps, A. Piazza, A. Burns, Munno and M. J. J. CYRIL GLOVER

The Sea Coast Echo is authorized to announce the candidacy of J. Cyril Glover for the office of Commissioner of the City of Bay St. Louis, subject to the action of the Democratic Primary Election to be held in the City of Bay St. Louis, on July 10th., 1948.

Mr. Glover's statement to the voters follows:

To the qualified voters of the City of Bay St. Louis:

Submitted herewith is the announcement of my Candidacy for City Commissioner, subject to the Democratic primary election to be held July 10, 1948.

Following is a brief outline relative to my background, education and qualifications for your consideration: I received by Grammar and High School education at St. Stanislaus College graduating in 1922. I studied Engineering for four years at Mississippi A. & M. College and Tulane University. I have held positions requiring both Administrative and Executive ability as follows: Administrative Assistant to the Vice-President, W. Horace Williams Construction Company, New Orleans; Office and Personnel Manager together with Director, Inventory and Stock Department, U. S. Naval Advance Base depot, Gulfport; Property Officer and Property and Supply Supervisor, U. S. Government, New Orleans, La., Real Property Negotiator, War Assets Administration, Dallas, Texas, responsible for the sale or lease of industrial and non-industrial real property at seven surplus Government installations in Mississippi and Louisiana. I am presently employed by the Hyde Construction Company, Inc., Jackson, Miss., as manager of field offices at Bi-

loxi and Picayune, Miss.

In offering my Candidacy for the office of Commissioner, I am fully aware of the many improvements and developments needed by our City. However, in the absence of authentic information relative to our financial status, I do not subscribe to the principal of making definite pre-election commitments at this time just for the sake of making them. I purpose, if elected, to direct my efforts conscientiously and consistently toward what I consider to be to the best interest of the people not only for the time being but also on a long range basis. I propose to advocate improvements that are essential and desired by the voters of the City consistent with the cost of such improvements. A resume of some such improvements consists of:

Restoration of our beach front; improvement of drainage system; more paved and better maintained streets; a Police Department with adequate patrol facilities. I advocate a fair and equitable distribution of taxes so that all property owners will carry a proportionate share of the load. I will cooperate and encourage new industry to locate in our City thereby affording the opportunity of gainful employment and as a stimulant to local business. I will cooperate with all legislation designed toward improvement of our recreational and health facilities, or any legislation which, in my opinion, as a servant of the people, will redound to the greatest financial and civic interest of our City. I sincerely request that you give my candidacy earnest and favorable consideration and respectfully solicit your vote and support.

Respectfully submitted,
J. CYRIL GLOVER.

ORTE THEATRE WED. - THURS. "THE OVERLANDERS"

Here comes a Western—but a Western with a difference. When the Japs threatened Australia with invasion in 1942 the authorities up in the country's Northern Territory ordered the destruction of the vast herds of cattle ranging across the plains rather than let them fall to the hands of the hated Sons of Nippon. But the drovers had other notions. They elected to "overland" the herds across 2,000-miles of desolate, often waterless, country into the fertile sanctuary of Queensland. It was this world's greatest mass migration of bullocks; certainly the most hazardous.

"Overlanders" is the odyssey of one of the herd, a thousand strong.

"...to administer

CONSERVATION EFFECTIVELY"

Five Mississippi citizens, representing every section of the State, have become the guiding force of the new Mississippi conservation law. These five men compose the State Oil and Gas board, created by the new law and vested with the jurisdiction and authority to administer and enforce effectively its provisions. Three of the board members were appointed by the governor, one by the lieutenant governor and one by the attorney general. The appointments of all were confirmed by the Senate.

The law, foreseeing the need of highly technical and specialized assistance in carrying out its administration, has empowered the board to employ all the scientific and other personnel needed to do a thorough job. To pay the expenses of operating the board and administering its rules and regulations, a companion law places a small levy against all oil and gas production in the state, eliminating the need to use money from the State's general fund for this purpose.

Ably administered by five outstanding Mississippians, the new conservation law will substantially aid in furthering the progress and prosperity of the state — because what helps the sound development of Mississippi's oil and gas resources, helps Mississippi and all Mississippians.

FACTS FROM THE RECORD

To the Citizens of Bay St. Louis:

Some weeks ago I formally announced my candidacy for the office of Mayor of the City of Bay St. Louis. Since that time Mayor Blaize has, in an open letter to the people of Bay St. Louis, branded certain portions of my announcement as "charges that evidence either malicious thinking or lack of investigation." I wish to submit to you, the people of Bay St. Louis, the following information, which I feel sure will clearly show that those portions of my announcement so branded by Mayor Blaize, are based on SOUND, INTELLIGENT THINKING AND A VERY CAREFUL AND THOROUGH INVESTIGATION OF THE RECORDS.

In my announcement of April 30th., I stated that some 13,000 feet of 6 inch pipe, given to the City of Bay St. Louis, by the War Assets Administration, "has been carted away and the why and wherefore remains a dark secret to the citizens of Bay St. Louis." Mr. Blaize had no cause or reason whatsoever, (except possibly a guilty conscience), to brand the above statement as a "false" and "malicious" accusation. I saw with my own eyes, as did many other people in Bay St. Louis, the pipe being carted away by the Byrnes Brothers Transportation Co., of New Orleans. The "why and wherefore" for the carting away of this pipe was most definitely a "deep dark secret" at the time because Mr. Blaize did not make public the contract from the Thompson Tool and Supply Co. until May 14th, TWO WEEKS LATER. Notice too, that the date of the contract closing the deal for the pipe, is Feb. 12th, some SEVEN WEEKS PRIOR to the time I made reference to it in my announcement. Why didn't the Honorable Mayor and Board of Commissioners inform the people of Bay St. Louis of the sale of this pipe within a reasonable time after the contract of the Thompson Tool and Supply Co. was accepted? I diligently searched for more than a week, in the OFFICIAL MINUTES OF THE CITY BOARD, for some authorization for the sale of the pipe. I can assure you, my friends, that there was positively no record of any "contract" or other authorization for the sale of that pipe in the OFFICIAL MINUTE BOOKS of the City of Bay St. Louis at the time of my announcement, last April 30th. It was more than two weeks AFTER my announcement, that a copy of the "Contract" and its acceptance by the City Board, was "inserted" in the Official Minutes of the 1st regular meeting of February. So therefore, the City had at that time, no authority to convey the pipe, for the City can only SPEAK OR ACT THRU ITS MINUTES.

Please note that all thru this article, I have referred to the disposition of this pipe as a SALE. Mr. Blaize has denied to me that the pipe was sold. He maintains that

the pipe was "traded." The contract which was accepted by the Mayor and Board of Commissioners says nothing whatsoever about a "trade." The contract very plainly states that a CREDIT has been established in the amount of \$8,400. Remember, this credit on the books of the Thompson Tool and Supply Co., was established on Feb. 12th, now three and one half months later, all the City of Bay St. Louis has to show for \$8,400 worth of pipe is, "credit on the books." The Thompson Tool and Supply Co., sold the pipe to the Central Louisiana Electric Co., of Alexandria, La. a long time ago; and I feel reasonably sure they have been paid for it. All the City of Bay St. Louis has, is a quiet "credit on the books." Is this typical of the "sound business-like manner" in which Mr. Blaize has been conducting the City's affairs during the past sixteen years?

Why didn't Mayor Blaize give us all the facts about this pipe deal when he published the "contract"? Why didn't he tell us that the amount of the City's "credit on the books" of the Thompson Tool and Supply Co. is now, (and was at the time he published the contract), much less than the above mentioned \$8,400.00? Why didn't he tell us that the City had received and accepted a check from the Thompson Tool and Supply Co., in the amount of \$3,166.21, for "partial payment of credit balance on books?" These statements are a matter of PUBLIC RECORD ON FILE IN THE CITY HALL.

Before I continue with a few more questions, which I am sure the people of Bay St. Louis would like to have Mayor Blaize answer, I want to present the text of the agreement, between the U. S. Government and the City of Bay St. Louis, which Mayor Blaize signed, as the official representative of the governing Board of the City of Bay St. Louis:

DISASTER SURPLUS PROPERTY TRANSFER AGREEMENT AND RECEIPT (WITHOUT MONETARY CONSIDERATION)

PROJECT NO. DSP-4-3-2

The United States of America, (herein called the "Government"), acting by and through the Bureau of Community Facilities,

Federal Works Agency in consideration of the undertaking assumed as hereinafter provided by CITY OF BAY ST. LOUIS, MISSISSIPPI (herein called the "Public Body") a State, or local government of the State of Mississippi, as the case may be, hereby transfers to the Public Body, without express or implied warranty of any kind or character, all of the Government's right, interest, and ownership in and possession of the personal property (herein called the "Property") described as follows:

15,424 FEET OF BLACK SEAMLESS PIPE, 6 INCH"

The Public Body hereby certifies by the execution of this instrument that it has the legal power to accept and UTILIZE THE PROPERTY FOR THE PURPOSE OF ALLEVIATING DAMAGE, HARDSHIP, AND SUFFERING caused by said catastrophe, and hereby agrees that it will USE THE PROPERTY FOR SUCH PURPOSE in conformity with its lawful authority, and without discrimination on account of race, creed or color.

The Public Body hereby agrees to pay all shipping costs necessary to put the Property in the possession of the Public Body for use in effectuating the purpose of the Act.

No Member of or delegate to the Congress, or Resident commissioner, shall be admitted to any share or part of this Agreement, or to any benefit to arise thereupon.

Dated this 19th day of November, 1947.

The above agreement is a matter of PUBLIC RECORD ON FILE IN THE CITY HALL. There are no provisions in the agreement which give or even imply the right to sell the pipe. Let us assume Mayor Blaize did interpret the provisions of the Agreement in such a manner as to grant the City the privilege of selling the pipe; then why didn't the Board advertise for bids on the pipe, instead of accepting the first "take it or leave it" proposition that came along? Mr. Blaize has publicly stated that the pipe was "traded" at the rate of 70c per foot; this means that the Thompson Tool and Supply Co. bought only 12,000 feet of pipe. Notice that in the above agreement, the property granted is described as: 15,424 FEET OF 6 INCH PIPE; a little simple arithmetic shows that there is 3,424 feet of pipe unaccounted for. Computed at the rate of 70c per foot, this missing pipe was worth \$2,396.80. WHAT HAPPENED TO IT?

Next week, I will present more facts and figures to illustrate the "efficient and business-like manner" in which our City has been run during the past sixteen years.

Sincerely yours,

JOHN A. SCAFIDE, Candidate For Mayor

CANDIDATE FOR MAYOR

Strictly For The Ladies Men Do Not Read This!

Hello, Folks:

This article is written especially for the ladies today in the express desire that I may cause them to think seriously of their futures in the light of local proceedings.

Ladies, probably one of the first things you persuaded your husband to do after the honeymoon was to make some thrifty investment against the future. It may have been insurance, property or bonds. I do not know just where your protection may lie, but I do know that your husbands realized you needed that protection, and, if it was at all possible, abided by your wishes. You did this because you knew not just what the future held for you. Perhaps your husband would become ill or injured or, frankly speaking, might pass on, leaving you with family obligations and responsibilities. You felt that you had to have some provision made for the maintenance of you and your family.

I'd like to give you one example of many similar conditions here in Bay St. Louis. Mrs. Delta Lizana, widow of "Vic" Lizana, who resides on Court Street, is assessed for \$3,800.00. Our Honorable Mayor's home which is worth more in value than Mrs. Lizana's home, is assessed for \$1450.00. This leads us to believe that because Mrs. Lizana's husband is deceased and can no longer continue to take up her battle for her, she is at the mercy of such corrupt practices.

Now, Ladies, you may be confronted with this same problem. Suppose your husband would pass away. Are you in a position to carry on his duties? Men, do you want this to happen to your loved ones?

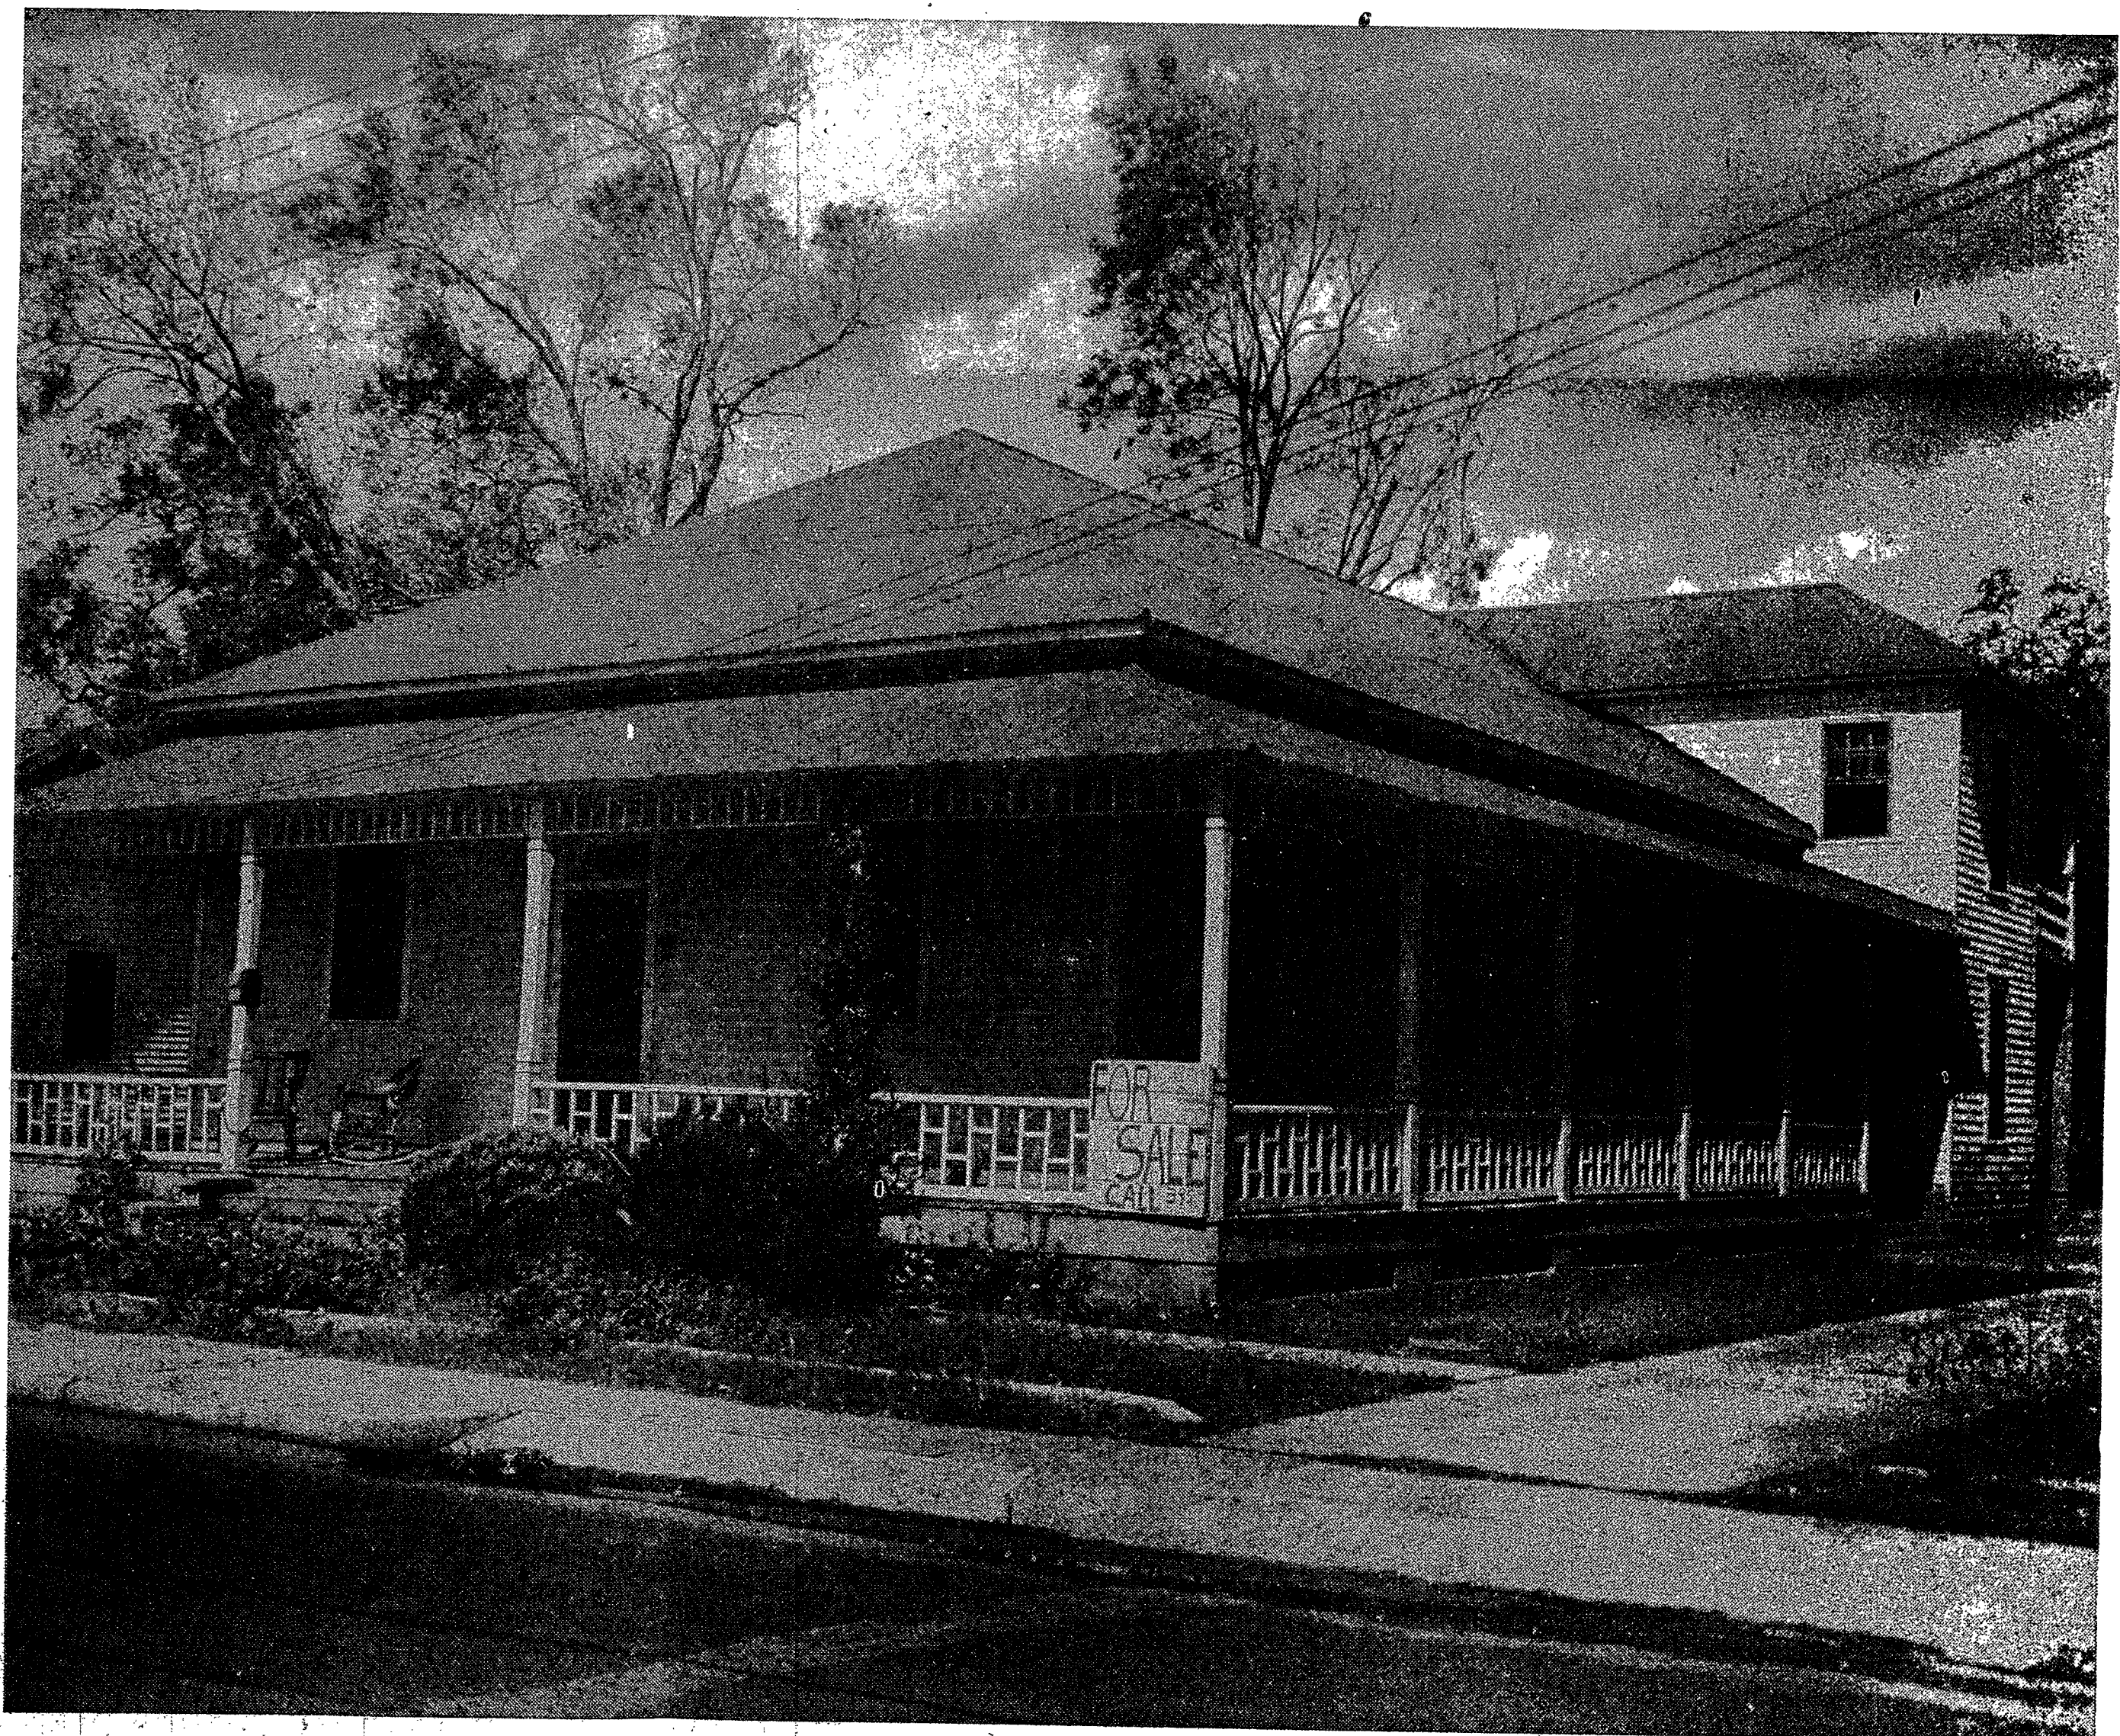

I can truthfully say that if I am elected to serve you as Mayor, a new assessment roll will be made before you pay your next year's taxes. How about it, Folks? Wouldn't you like to have a square deal?

Remember the date—July 10th.

Your Independent Candidate,

EARL F. RAMOND.

LADIES THIS IS YOUR BATTLE TOO!

A. & G. THEATRE MAY 30th-31st "APRIL SHOWERS"

Warner Bros. Lively Music
Fest Stars Jack Cason,
Ann Southern

"April Showers," which comes from the studio that produced such other great musical films as "Night and Day," "This is the Army," and "Rhapsody in Blue," opens its local engagement next Sunday at the A. & G. Theatre.

Starring Jack Carson and Ann Southern, "April Showers" has been endowed by Warner Bros., which started the parade of big musicals with the unforgettable "42nd Street" some years back, with production values, numbers, tunes, chorus lines, not seen on the screen in some time. Eleven songs are in the picture, with comedian Carson and lovely Ann Southern, famed for comedy roles in the "Mamie" series, handling most of them. Miss Southern is also not new to musical comedy being remembered for a wonderful performance in "Panama Hattie" a few years ago.

Robert Alda, who played George Gershwin in "Rhapsody in Blue," and S. Z. Sakall, well-known comedian, head the featured cast.

Of special interest is the film debut of 12 year old Bobby Ellis popular young radio performer. This youngster was new to dancing and visual acting, but practically overnight he was transformed into one of the most personable young finds of the past few years. Bobby was coached by LeRoy and Eddie Prinz until his dancing reached professional standards.

"April Showers" is set in the nostalgic 1912 period and concerns a troupe act on the West Coast. Some 32 sets were designed by Hugh Reticker, who utilized such erasing devices as cobblestone streets, horse-drawn ice wagons and rickety explosive automobiles to lend credence. James V. Kern handled this film.

Eleven songs are featured in the romantic musical, including: "Are You From Dixie," "Carolina in the Morning," "Black and White Rag," "Moonlight Bay," "Strolling Thru the Park," "Put in Your Old Gray Bonnet," "Pretty Baby," "Cuddle Up A Little Closer," "Every Little Movement," "Mary, You're An Old Fashioned Girl," and the title song number, "April Showers."

ORTTE THEATRE SUNDAY - MONDAY "WISTFUL WIDOW"

Loaded With Laughs,
Situations

Abbott and Costello's rollicking new comedy, "The Wistful Widow of Wagon Gap," will open at the Ortte Theatre Sunday and Monday.

The picture is one of the popular team's most laugh-packed efforts and has Marjorie Main playing the title role—a widow with seven children who makes romantic passes at Lou Costello.

Produced by Universal-International, the film is the first period Western Abbott and Costello have made.

The story derives from an old-Montana law, still on the state's statute books, concerning gun duels. The law provides that a killer be responsible for the family and detests of his victims.

Abbott and Costello are shown as salesmen who come to the western town to peddle housewares, and are forced to take part in chases, shootings and a stagecoach holdup.

D. Beauchamp and William Bowers wrote the original story, which appeared in Collier's magazine.

There are many riotous routines of the kind that have kept Abbott and Costello one of the screen's favorite comedy teams for many years.

In the supporting cast are George Cleveland as a larcenous old judge, Gordon Jones as a western saloon owner and gunman, and a trio of new faces, including William Ching as a law enforcement official, Audrey Young as a singer and oldest child of Miss Main, and Peter Thompson, Ching's aide.

Charles Barton, director of the recent Abbott and Costello pictures, directed "The Wistful Widow of Wagon Gap." Robert Arthur produced.

—HOW SOUTHERN INDUSTRIES PUT NATURE'S RESOURCES TO USE FOR THE BENEFIT OF MANKIND

Royalty IN THE PLAY ROOM

Princess Dolly reigns supreme in her cotton-white royal robes. Yes, and it's southern cotton—that Queen of textiles—grown and ginned in the South, spun and fashioned in humming southern mills.

The South is proud of its growing textile and garment industries—industries that are built on the use of natural resources. The South is proud, too, of its natural gas industry—another example of the way natural resources can be given value by being put to use.

Cotton in the fields... and natural gas in the ground... would be of little value to anyone unless they could be gathered, processed and made available for use for the benefit of mankind. This is practical conservation, for it stimulates industrial development, creates jobs and benefits all the families of the South.

UNITED GAS

TEXTILE AND GARMENT INDUSTRIES

Thousands of employees share the benefits of the Free Enterprise system, as it operates in the textile and garment industries of the Gulf South. In one recent year, payrolls of these industries were more than 100 million dollars—money that found its way into every cash register in the area. This is a good example of private capital, American ingenuity and local workers combining to build a business that brings prosperity to everyone.

You who graduate this year are fortunate—fortunate because there are more opportunities for you in your own state than ever before. Some of you will want to continue your education and in this you have a choice of several fine institutions within the state. Others of you will be seeking employment and you will find that Mississippi's expanding industrial development offers a wide field in this respect. For all of you, the continuing development of the uses of electricity will make life easier and more enjoyable now and in the years to come.

We are proud of the contributions Mississippi Power Company has made in the economic development of this area. Working with other interested groups, our New Industries Department has presented to industry the advantages of a location in Mississippi and, as a result, many new industries have established plants in this area over the last few years. We will continue to do everything we can to further aid Mississippi's advancing and expanding economy—by which new opportunities for all are constantly being created.

ST. JOSEPH ACADEMY HAS VOCATION WEEK

Vocation Week was observed at St. Joseph Academy from May 10 to May 17. The weekly Sodality meeting on Thursday, May 13, was

entirely devoted to the subject of Vocations. After the regular business of the meeting had been dispatched, the prefect, Gwen Horton, turned the meeting over to our Lady's Committee, headed by Joan Elliott, its chairman, who discussed the subject of Vocations in

general. Joanne Bontemps read a paper on the Religious Life and Alice Braud discussed the Married State. Susan Smith handled the Single State and pointed out the numerous fields open to women. Special attention was paid to the qualifications needed for each position or profession.

On Friday morning Reverend Father Desmond, Assistant at Our Lady of the Gulf Church gave the girls a very instructive talk on "Marriage."

Coast Sodality Union's Final Meeting and Crowning

At the final meeting of the Coast Sodality Union of the year was held in Gulfport at St. John's School, St. Joseph Academy. Sodality was voted the outstanding Sodality of the Coast Union and received the Monsignor O'Connell award for its outstanding works performed during the year. This year Msgr. O'Connell awarded a beautiful statue of Our Lady of Fatima, as she appeared in the third apparition to the children. It was made according to the instructions given by Sister Lucia, the only living one of the children. This is the second year that such an award has been presented.

A joint crowning of the Blessed Virgin consisting of the Sodality along the Coast was held in Biloxi at the Sacred Heart Academy on Sunday, May 9th. The honor of crowning the Virgin was given to Thelma Namias; Gwen Horton was maid of honor, both S. J. A. seniors. The court consisted of six maids and dukes. The maids wore long dresses of pastel shades and carried old fashioned bouquets of spring flowers. Other participants wore white.

Regulation of the Rosary was led by Father Killin, moderator of the Coast Sodality Union, in the procession on the campus of the school. An old door altar, decorated with lilies and fern, was erected for the occasion. Here Msgr. O'Connell closed this impressive ceremony with Benediction of the Most Blessed Sacrament.

Thanks and Appreciation

We the teachers and pupils of Gulfview School, Lakeshore, Mississippi, wish to express our thanks to the Knights of Columbus of Bay St. Louis, for the lovely medals they awarded at the recent County Field Meet. We also extend thanks to the Brothers of Saint Stanislaus for the use of their stadium; to the banks of the County, for their aid; to Mr. Forster Commagere; to the judges and coaches and all who aided in making the event the success it was.

(Mrs) Jeanne D. Williams Principal.

On Monday, May 17, Mother Marie Blanche, Principal of St. Joseph Academy explained the "Religious State." Her talk proved most inspiring and enlightening. The necessity of prayer to know one's vocation was particularly stressed. Posters made by the Publicity Committee headed by Norma Collins, were in evidence throughout the week.

Greyhound Training Races
Being Held at Biloxi

Greyhound Training Races for the 1948 season were inaugurated on Thursday night of this week at the Gulf Coast Kennel Club at Biloxi, under the sponsorship of the Veterans of Foreign Wars Post 2434 of Biloxi. The training session followed a four-day schooling session. The training races will be held each night with the exception of Sundays and 450 of the fastest greyhounds in the country are participating in the races. There are greyhounds from 16 kennels of the East, Midwest and South at Biloxi for the 90-day training races.

The racing plant has just been completed and is one of the finest

and most modern in the entire country with the very latest equipment and accommodations. The grandstand has a seating capacity of approximately 1,000 persons. There is also a handsome clubhouse on the grounds. The racing oval has a fast surface with the result that some very close finishes have been presented. All races are decided by photo-finish which is flashed on a special screen approximately 30 seconds following completion of each race.

Officials of the Gulf Coast Kennel Club anticipate an outstanding season of Greyhound training races, rivaling that of the oldest established tracks of the country. Besides the kennels already on hand, four additional outstanding kennels are enroute to Biloxi for the meet.

How To Get
The Job Done

"The other night folks in our town toasted Doc Hardesty at a testimonial dinner. But Doc, instead of taking the love himself, said a word of praise for the American Medical Association, which has done so much to raise medical standards in this country."

It was over a hundred years ago that medical men got together to form the Association. Their aim was to set up standards of practice that would not only protect themselves, but benefit the public.

That's exactly what the brewing industry is doing with its Self Regulation Program—setting up high standards of practice among places selling legal beer, to keep them clean and law-abiding.

The brewing industry isn't content to leave it to the law alone. They inspect beer outlets regularly to see that they are respectable and law-abiding. From where I sit, that's the kind of good citizenship we need.

Mrs. W. P. Lee, Sr.,
Dies At Leetown,
Funeral Held Saturday

Mrs. Virginia Lee, widow of William P. Lee, Sr., of the Leetown Community died at the home of her son Willie Lee on last Wednesday, May 16th., at 6 o'clock in the morning.

The funeral services were held on Saturday afternoon at 2:00 o'clock, with services at the Caesar Baptist Church and at the Caesar Cemetery, where she was buried by the side of her husband.

She is survived by four daughters: Mrs. James Spier, Mrs. Shelby Lee, and Mrs. Luther Baker, and Mrs. Harbart Lee and by seven sons, Louis C. Fitzhugh, Rogie, Jimmie, Willie, Archie and Heber.

Her death came unexpectedly. Her son Fitzhugh and his wife, together with Rev. and Mrs. S. P. Powell, were on their way to the Southern Baptist Convention at Memphis at the time of her death.

Mrs. Lee was an outstanding woman. The mother of twelve children, one Mrs. Gaston A. Lee, died several years ago. She lived for her family and her friends, who were countless. Gracious, quiet and unassuming she endeared herself in the hearts of all who knew her.

Her children have lost a wonderful mother, we a good friend, the community and the County an exemplary woman.
